Hi Rita,

He was really, really good. We all had lots of laughs and giggles.

The best one-man-band ever.

He was full of energy and puts 100 per cent into making sure everyone has a good time.

His songs tells such wonderful, colourful stories.

Such a variety of music ^ rock, country, etc.

He is great for a variety of types of individuals.

He thrilled us all by playing many instruments at the same time, **and in his bare feet!**

I would recommend him to anyone that asks.
